1. Services Provided. Provided that Customer is not in default of its obligations stated herein, Bandwidth.com shall provide Customer with the Service ordered in the Bandwidth.com Service Order Form, which Service Order Form is incorporated herein by reference, for the Service Term, the Service Term being defined in Section 9. If Customer has purchased or leased Equipment from Bandwidth.com or its certified third party leasing company then the Customer must install Equipment in accordance with instructions provided by Bandwidth.com (or its third party vendor). In addition Bandwidth.com Equipment must be used solely for the purpose of Service utilization. Customer is solely responsible to obtain, use and operate any equipment not provided by Bandwidth.com that may be used in association with the Service.

2. Service Description. Bandwidth.com Inbound-Only SIP Trunk service is an IP termination service for PSTN originated calls available in selected Bandwidth.com markets. The service is intended as an inbound-only service and will deliver calls to the Customer via an Internet Protocol connection utilizing the Session Initiation Protocol (“SIP”) as the signaling protocol. Each Inbound-Only SIP Trunk supports a single, concurrent call but can be oversubscribed with multiple Bandwidth.com assigned DIDs being accessible via a single trunk. Only TNs or Toll-Free TNs provided by Bandwidth.com or ported to the Bandwidth.com network can be used in conjunction with this service.

3. Service Limitations. Bandwidth.com Inbound-Only SIP Trunk service is an inbound-only service and does not provide any outbound calling functionality and does not provide any 911 service. Customer agrees to advise (in writing) all end-users of this service that it does not include outbound calling or 911 service. CUSTOMER SHALL INDEMNIFY AND HOLD HARMLESS BANDWIDTH.COM, ITS OFFICERS,

BANDWIDTH.COM, INC. Proprietary Information – Restricted & Confidential

EMPLOYEES, AGENTS AND AFFILIATES FROM AND AGAINST ANY AND ALL LOSSES, CLAIMS, COSTS OR DAMAGES OF WHATEVER NATURE ARISING FROM OR RELATING TO THE USE OF ANY BANDWIDTH.COM INBOUND-ONLY SIP TRUNK SERVICE FOR OUTBOUND CALLING OR 911 SERVICES. The Bandwidth.com Inbound-Only SIP Trunk service also does not include inbound caller id and caller location or white page listing for any Bandwidth.com assigned DIDs for use with an Inbound-Only SIP Trunk. All special configurations are subject to Bandwidth.com's approval and Bandwidth.com reserves the right to terminate this agreement where proper interoperability testing has not been completed when required. Any traffic deemed to jeopardize the integrity of Bandwidth.com's network may be blocked by Bandwidth.com

4. Service Availability. The Service is available throughout the Service Term, except in the case of scheduled maintenance of the Bandwidth.com network and/or its underlying carrier's network. Bandwidth.com will use commercially reasonable efforts to provide prior notification via electronic mail ("email") to Customer regarding any scheduled maintenance of Service. Bandwidth.com may interrupt its provision of Service for unscheduled emergency maintenance without notice to Customer or Customer's customers.

5. Interoperability Requirement. Customer shall review the appropriate "Solution Overview & Interface Specification" guide posted at www.bandwidth.com/content/legal, to identify all necessary interoperability requirements. Bandwidth.com takes no responsibility for installation or configuration of customer Phone System, or any responsibility related to connecting a customer's Phone System to any Bandwidth.com provided equipment.

6. Porting Numbers. Bandwidth.com will require a completed and signed *Letter of Authorization* ("LOA") for any numbers or toll free numbers the customer wishes to port. Applicable LOAs are attached hereto. In addition, Bandwidth.com will require a recent, applicable copy of the Customer's current phone bill which contains the Customer's *Billing Telephone Number* ("BTN") as well as a record of any numbers that need to be ported. Necessary LOA(s) and Bill Copy(s) must be received by Bandwidth.com before Bandwidth.com initiates the port request.

7. Service Activation Date. Bandwidth.com will work with the Customer to establish an initial activation date upon which their SIP Trunk solution will be activated. This date will be based on the Customer's requested date as well as the *Confirmed Port Date* Bandwidth.com receives from its underlying provider. The Confirmed Port Date is the date upon which the Customer's current voice provider has agreed to port the numbers to Bandwidth.com. The Confirmed Port Date typically cannot be set any earlier than two (2) to four (4) business weeks after the port request was initiated. Upon submission of the port request, Bandwidth.com will request a port date that coincides as closely as is reasonably possible with the initial activation date arrived at with the Customer. However, since the port interval is a product of the accuracy of the information provided to Bandwidth.com by the Customer as well as the processing speed of the Customer's current voice provider, Bandwidth.com makes no guarantees about how soon a Customer's number can be ported, but will work with its underlying carrier and the Customer to make sure the port date coincides as closely as possible with the activation date requested by the Customer. When Bandwidth.com receives the Confirmed Port Date, Bandwidth.com will assign a Service Activation Date based on the aforementioned criteria and will communicate this date to the customer. If the Customer wishes to change the requested service activation date, Customer must communicate, in writing, the new requested date to their VoIP Installation Specialist within forty-eight (48) hours of the issuance of the service activation date. Such further date changes by Customer will be met by Bandwidth.com on a best effort basis.

8. Service Activation Appointment. Bandwidth.com will attempt to arrange an *Activation Appointment* with the Customer on the Service Activation Date, whereupon, a Bandwidth.com Service Activation Specialist will contact the Customer to provide relevant information and facilitate test calls. Such test calls will consist of inbound calls between the Customer site and Bandwidth.com. It is the customer's sole responsibility to ensure that their premise and all equipment is prepared for service activation by the Service Activation Date. The Service Commencement Date shall be the date when the voice components are delivered and confirmed by a Bandwidth.com SIP Trunking Confirmation email, whether or not an Activation Appointment has occurred. The Service Commencement Date shall equal the first date of billing for the services delivered.

9. Service Agreement Term and Service Term. The initial Service Agreement Term shall be at least one (1) year and up to three (3) years from the Effective Date of the unique, or any, Service Order Form(s) signed by Customer, with the specific initial Term of the Service Agreement as stated on each such Service Order Form. The term of the Service Agreement will automatically renew for successive one (1) year periods unless terminated in writing by Bandwidth.com or by Customer pursuant to the Termination Section of this Agreement at least forty (40) days prior to the expiration of the then existing Term of the Service Agreement. The initial Service Term for the, or any, specific Bandwidth.com Service(s) provided to Customer shall be at least one (1) year and up to three (3) years from the Service Commencement Date depending on the Service Term stated on the unique, or any, Service Order Form(s) signed by Customer. Upon expiration of a Service Term for a particular Service(s), the Service Term will automatically renew for successive one (1) year periods unless terminated in writing by Bandwidth.com or by Customer pursuant to the Termination Section of this Agreement at least forty (40) days prior to the expiration of the then existing Service Term. When the Term of the Service Agreement expires or is terminated, existing Services continue in effect for the remainder of the Service Term(s) and will continue to be governed by the Agreement. In the event of automatic renewal, Bandwidth.com reserves the right to: (i) maintain the same prices and rates for the Service(s) as stated on affected Service Order Form, or (ii) Terminate the Service(s) as stated on affected Service Order Form.

10. Service Support. Bandwidth.com provides support for the Services as described at www.bandwidth.com/content/support, as guaranteed by the applicable Service Level Agreement ("SLA"), posted at www.bandwidth.com/content/legal. BANDWIDTH.COM DOES NOT SUPPORT CUSTOMER SERVICES BEYOND THE BANDWIDTH.COM POINT OF DEMARCATION, DEFINED AT WWW.BANDWIDTH.COM/CONTENT/SUPPORT.

11. CPE Maintenance, Support, and Repair. If Customer has rented CPE from Bandwidth.com, then Customer shall allow Bandwidth.com

reasonable access to the CPE as required to provide Service ordered by Customer. Equipment provided for service may be new or recertified. All CPE and CPE provider service purchased from Bandwidth.com is subject to the terms and conditions set forth in the Manufacturer's or Publisher's warranty, end-user license, or agreement applicable to such CPE or CPE provider service, with no warranty of any kind from Bandwidth.com. Customer shall reimburse Bandwidth.com, on a time and materials basis as documented in an invoice, for the entire cost to repair and/or replace CPE in the event of (a) misuse, (b) failure to exercise reasonable care, (c) altering original Bandwidth.com configuration, (d) damage, (e) theft, or (f) disaster. If Bandwidth.com CPE requires maintenance not caused by one of the events set out in the sentence above, Bandwidth.com or its agents shall either arrange to repair the CPE at Customer's premises or ship an equivalent pre-configured replacement to Customer. If replacement CPE is shipped to Customer, Customer shall return the faulty CPE to Bandwidth.com within ten (10) days of receiving the replacement CPE or pay for such CPE. Customer will not receive compensation for downtime associated with CPE replacement or repair. In addition, if Customer has rented CPE, Customer shall return (at Customer's own expense) Bandwidth.com CPE to Bandwidth.com within ten (10) days of termination. If this CPE is not returned in good working condition to Bandwidth.com Customer shall be invoiced and pay for this CPE. Should Customer terminate CPE rental prior to fulfillment of initial or renewal service term then Bandwidth.com may charge Customer a twenty percent (20%) restocking fee, as calculated according to the original purchase price of rented CPE.

12. CPE Purchase. All CPE and CPE Provider Service purchased from Bandwidth.com is subject to the terms and conditions set forth in the Manufacturer's or Publisher's warranty, End-User license or agreement applicable to such CPE or CPE Provider Service, with no warranty of any kind from Bandwidth.com. Should customer receive purchased CPE that is damaged or dead on arrival Customer must notify Bandwidth.com Customer Care within ten (10) days of receipt. Returns will only be accepted on brand new factory-packaged products within thirty (30) days of the date CPE was shipped. All products must be fully complete including all original manufacturer boxes with the UPC code and packing materials, all manuals, blank warranty cards, accessories and any other documentation included with the original shipment. Products returned in used or altered condition will not be accepted. After thirty (30) days from initial product ship date, all sales are final. Customer is responsible for shipping charges to the Bandwidth.com distribution center for all products being shipped for return or exchange. Customer is responsible for all risk of loss and damage to products being shipped for return or exchange. Should Customer desire to return or exchange purchased CPE, pursuant to the above conditions, then Customer must e-mail Customer Care at customercare@bandwidth.com to request a Return Materials Authorization (RMA). All returns and exchanges will incur a twenty percent (20%) restocking fee, as calculated according to the original purchase price. If the RMA is in response to CPE delivered dead on arrival or damaged, and said CPE is found to be operating within manufacturer specifications upon return, said CPE shall be subject to the restocking fee outlined above.

13. Charges for Service. The monthly recurring charge(s) ("MRC") and any non-recurring charge(s) ("NRC") for Service is stated in said Service Order Form. Service charges are exclusive of applicable taxes and surcharges, including the Federal Universal Service Fund surcharge that Bandwidth.com passes on to its Customers if it is charged to Bandwidth.com. At its sole discretion, Bandwidth.com may require a security deposit to continue the provisioning of Service should a credit check on Customer yield an insufficient credit score. Additionally, at its sole discretion, Bandwidth.com reserves the right to demand immediate payment by wire and block Customer's voice traffic should Bandwidth.com determine Customer's usage exceeds their approved level of credit. Except for items specifically outlined in this agreement, Bandwidth.com shall not increase pricing during the initial Term of a Customer Order, but thereafter Bandwidth.com may increase pricing upon at least thirty (30) days' written notice. All rates and charges are subject to change immediately in the event there are mandated surcharges or taxes imposed by federal, state or governmental agency. Notwithstanding the foregoing, in the event any Regulatory Activity, Bandwidth.com reserves the right, at any time with as much advance written notice as reasonably possible and without liability, to: (i) pass through to Customer all, or a portion of, any changes or surcharges or taxes directly or indirectly related to such Regulatory Activity; (ii) modify the Service, rates (including any rate guarantees), promotions, terms and/or conditions of this Agreement in order to conform to such action; or (iii) if such Regulatory Activity materially and adversely impairs the provision of Service under the Agreement, as reasonably determined by Bandwidth.com, terminate the Agreement.

14. Specific Charges for Inbound-Only SIP Trunk Service.

Disconnect Charges: For any request to disconnect or port out a Bandwidth.com assigned TN, a non-recurring charge of \$5 per TN will be charged.

LNP Charges: For cancelled LNP request more than 48 hours before FOC, a non-recurring charge of \$6 per TN will be charged. For cancelled LNP requests within 48 hours of FOC, a non-recurring charge of \$75 per TN will be charged. For any request to reinstate, within 24 hours, a newly ported phone number to the original carrier, a non-recurring charge of \$300 per number will be assessed.

Payphone Surcharges: In the event the Customer utilizes an 800/Toll-Free DID provided by or ported to Bandwidth.com, to receive any inbound calls originating from a Payphone, these calls will be subject to a charge per call. The charges are based on regulated FCC Payphone Compensation rules. These regulatory charges (approximately \$0.60 per call) will be passed through directly to the customer.

Call Duration Thresholds: All per minute rates (Interstate LD, Intrastate LD, Local if applicable, 800 Domestic) assume at least 95% of calls terminating will be of a call duration of no less than six (6) seconds in length. If 5% or more of Customer's completed calls are equal to or less than six (6) seconds in length during any billing cycle then Bandwidth.com reserves the right to charge, and Customer shall pay, a \$0.03 charge per short duration call. This charge will be in addition to Customer's current rates.

Inbound Minute Thresholds: Each Inbound-Only SIP trunk is subject to a monthly cap limiting the amount of inbound minutes to one-thousand-five-hundred (1,500) per trunk. Any inbound minutes exceeding 1,500 will be billed at \$.02 per minute. This cap is a soft cap, meaning that its enforcement will not be automatic but will be at the discretion of Bandwidth.com should the customer's usage exceed this usage cap in any given month.

800 Domestic Rates: Domestic 800 inbound calls are billed at the quoted flat, per-minute rate or rate schedule. 800 service is only available to 800/Toll-free TNs provided by or ported to Bandwidth.com's network.

800 Offshore Rates: 800 inbound calls are rated at the flat per minute rate or rate schedule provided in Customer's quote or contract with the exception of calls originating from the following locations:

1.	Alaska	\$.45		
2.	Canada	\$.08		
3.	CNMI	\$.30.	Guam	\$.15
5.	Hawaii	\$.05		
6.	Puerto Rico	\$.19		
7.	USVI	\$.18		

The per-minute rates for these locations are subject to change every fifteen (15) days and updates shall be posted in a revised Terms and Conditions document which may be viewed at <http://www.bandwidth.com/content/legal>.

RBOC / Wireless Thresholds for Flat Rate Charges: All flat-rate per-minute rates (i.e. 800 Inbound) assume at least 75% of calls originate on either an RBOC or Wireless PSTN providers. If this threshold is not met, Bandwidth.com reserves the right to charge up to an additional \$.06 per minute on the number of minutes needed to meet this threshold.

LD Termination: Should a customer manipulate this service to send any outbound calls these calls will be subject to Bandwidth.com's prevailing standard per minute rates for domestic or international long distance.

Usage Charges Incurred with Bulk Forwarding Number Management to the PSTN: Bandwidth.com provides the capability for inbound calls to a TN associated with this service to be forwarded to a number on the PSTN (i.e. landline or cell phone) or another VoIP line. Should Customer utilize this feature, Customer will incur any applicable usage charges for the inbound leg to the original TN in addition to usage charges for the outbound forwarded leg which may be rated as interstate or intrastate depending on the TN of the originating caller or value used in the caller-id field. It is important to note that if an inbound call is forwarded to another of Customer's Bandwidth.com provided TNs, the usage associated with the forwarding leg will be billed as either local, intrastate or interstate at Bandwidth.com's prevailing rates.

15. Billing Increments. Billing increments are set forth below.

Originating Destination	Initial Billing Increment (Seconds)	Additional Billing Increment (Seconds)
US Domestic	6	6
International (excluding Mexico)	30	6
Mexico	60	60

16. Billing and Payment. Bandwidth.com shall bill Customer for Service rendered at the rates stated in said Service Order Form. Invoices shall include all applicable federal, state, and local taxes, all such taxes, and all use, sales, commercial, gross receipts, privilege, surcharges, or other similar taxes, license fees, miscellaneous fees, and surcharges, whether charged to or against Bandwidth.com, Inc., which shall be payable by the Customer. However, if Customer provides proof of its specific tax exempt status, Provider shall not charge applicable taxes due to such exemption. Customer shall supply Provider a valid and properly executed tax exemption certificate(s). In such cases the Customer remains responsible for, and agrees to pay, any and all remaining non-exempt charges; tax exemption status validation is solely the responsibility of the Customer and Provider will not be obligated to consider any retroactive tax exemption. Bandwidth.com shall commence billing for the monthly recurring charges and usage (the Service) on the Service Commencement Date. First and second month charges for the recurring Service(s) are billed upon Service Commencement. Where applicable, service charges for the first partial month of service will be pro-rated and billed. Call usage charges are billed after the actual calls and usage has occurred. Payments are due within fifteen (15) days of the invoice date. After fifteen (15) days of non-payment, all fees will accrue interest at a rate of one and one-half percent (1.5%) per month or any part thereof, or the highest rate allowed by applicable law, and customer shall pay all collection costs incurred by Bandwidth.com (including, without limitation, reasonable attorney's fees). Some Customers installed prior to two-thousand-and-eight (2008) may be subject to payment terms whereby payments are due within thirty (30) days from the invoice date; Bandwidth.com reserves the right to amend said Customers to a fifteen (15) day payment term should they fail to make satisfactory payments pursuant to their current account payment term. At any point beyond provided invoice due date, where Customer has failed to make satisfactory payment as so judged by Bandwidth.com, then Bandwidth.com may give Customer written notification, by email, that Customer has committed a material breach of the Agreement due to non-payment. Said notification will be provided five (5) business days prior to Service suspension or termination. Customer must pay all outstanding charges, within said notice period, to avoid suspension or termination of Service. If Service is terminated due to non-payment, then the Termination fees described in the Material Breach Section shall apply. In its sole

discretion, Bandwidth.com may: (i) require a security deposit to continue the provisioning of Service(s) if Customer's approved level of credit is deemed insufficient; (ii) change payment terms, billing cycle, and/or Due Date; (iii) demand immediate payment by wire or other means and discontinue Service(s) without notice should Provider determine Customer's usage exceeds their approved level of credit; (iv) immediately block Customer's Service(s) if a Customer's pre-paid balance is depleted or is at a level that cannot cover Customer's estimated traffic during the time required for the Customer to replenish their prepaid balance, or if Customer refuses to make any requested payments. Bandwidth.com retains the right to bill, including any amended or corrected billing, for the Service(s) for a period of up to twelve (12) months, commencing from the date the billed Service(s) were provided to Customer. Bandwidth.com shall retain such billing rights for this twelve (12) month period notwithstanding any prior billing to Customer for the same period(s) and regardless of any otherwise conflicting billing conditions in this Agreement. Customer agrees that for the duration of this twelve (12) month period, Bandwidth.com shall not be deemed to have waived any rights with regard to billing for the provided Service(s) that are subject to this period, nor shall any legal or equitable doctrines apply, including estoppel or laches.

17. Billing Disputes. In the event Customer disputes any invoiced charges, Customer shall pay in full all charges invoiced by the Due Date and submit written notification in the form of an email sent to customercare@bandwidth.com, with "Notice of Billing Dispute" in the subject line of the email. Such email notification must include the Customer's contact information, the specific dollar amount in dispute, detailed supporting reasons for the dispute, and any supporting documentation if available. Bandwidth.com shall respond to Customer, in writing, within thirty (30) calendar days of receiving a dispute notification from Customer. Any dispute resolved in favor of Customer shall be credited as appropriate on the next available invoice. In the event that any disputed amounts are deemed to be correct as billed and in compliance with this Agreement, Customer shall be notified in writing that the charges have been deemed valid and legitimate, and the dispute will be considered resolved by both parties; in such cases, if there should be any amount due from Customer related to the dispute, then all such amounts shall be due and payable immediately. Provider reserves the right to deny or delay any and all billing disputes and/or credits if the Customer's account is in arrears or otherwise not in good standing.

18. Resumption of Service. If Customer requests that Service be restored after a suspension or termination, Bandwidth.com has the sole and absolute discretion to restore such Service and may condition restoration upon satisfaction of such conditions as Bandwidth.com determines is necessary for its protection, including requiring Customer to execute a new agreement, pay all past due statements in full, pass Bandwidth.com's credit approval, and/or make advance payments. New nonrecurring charges also may apply to restored Service.

21. Material Breach. Bandwidth.com or Customer may terminate this Agreement and the Service(s) provided hereunder in the event of a material breach that is not cured within thirty (30) days following the delivery of written notice specifying said breach, except in the case of serious material breaches, so judged by Bandwidth.com. Such notice from Customer must be in the form of an email sent to customercare@bandwidth.com, with "Notice of Material Breach" in the subject line of the email and Customer's contact information and detailed explanation, including supporting documentation if available, in the body of the email. Such notice from Bandwidth.com shall be in the form of an email to the Customer. In the event of an uncured material breach by Bandwidth.com, the Agreement and Service(s) shall be terminated without further liability to the Customer, however, in such cases Customer shall remain responsible for: (a) charges for Service(s) actually and properly received prior to the date of Breach notification, (b) one hundred percent (100%) of the past due balance at the time of termination, and (c) any non-recurring charges originally waived by Bandwidth.com. In the event of an uncured material breach by Customer, such as early termination of this Agreement, the following termination fees shall apply: (a) charges for Service(s) actually and properly received prior to the date of Breach notification, (b) the total of monthly minimum commitments for all components of the Service(s) for the remainder of the Service Order Term(s) and any additional early Termination fees included in any and all relevant Service Order Form(s), (c) one hundred percent (100%) of the past due balance at the time of termination, and (d) any non-recurring charges originally waived by Bandwidth.com.

22. Termination. Upon termination of the Service Agreement and/or the Service(s) not due to a material breach, Bandwidth.com will disconnect, or will cause to be disconnected, the Service(s) if notified by the Customer in writing via email to customercare@bandwidth.com with no less than forty calendar (40) days notice prior to termination of the Agreement and/or Service(s). In all such cases, Customer retains the sole responsibility for notifying Bandwidth.com of any and all requests for termination or disconnection of Service(s), including but not limited to the porting out of billable telephone numbers (also referred to as "DIDs"), whether port outs are known or unknown by Customer; and, Customer remains responsible for all billable charges related to terminated Service(s) until Bandwidth.com is notified in writing as specified. Any request by Customer for cancellation or termination at any time within the Service Agreement Term and/or Service Term set forth in this Agreement, including: prior to installation, or at any time prior to the Service Commencement or Activation Date, or in the case of early termination by Customer, will be considered a Material Breach by the Customer and shall be subject to the applicable Material Breach provisions as outlined in the Material Breach section of this agreement. In the event Bandwidth.com determines, in its sole discretion, that Customer's ongoing use of

Service(s) or the specific method or technology utilized by the Customer places Bandwidth.com's network, other customers, partners or the overall businesses of each in jeopardy, Bandwidth.com reserves the right to terminate Service(s) immediately without notification.

23. Limitation of Liability. EXCEPT AS PROVIDED IN SECTION 24, IN NO EVENT WILL BANDWIDTH.COM OR CUSTOMER BE LIABLE FOR ANY INDIRECT, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES (INCLUDING, WITHOUT LIMITATION, LOST PROFITS) ARISING OUT OF OR IN RELATION TO THE SIP TRUNKS, DEDICATED INTERNET ACCESS SERVICE, CPE, AND/OR ANY PRODUCTS OR SERVICE PROVIDED BY THIRD PARTIES UNDER THIS AGREEMENT. (a) It is the mutual desire of the parties to promptly and fully resolve any dispute arising in connection with this Agreement in good faith, confidentially, and informally with minimal transaction costs and no public statement may be made by any party regarding any such dispute. If either party determines that the dispute cannot be resolved informally, then such party shall initiate an escalation process by giving written notice ("Escalation Notice") to the other party. Each party shall name one executive as its representative, to be a person knowledgeable of the subject matter in dispute and someone with authority to discuss the dispute (hereinafter the "Officers"). The Officers shall meet in person or by conference call, together with any persons assisting them, within fifteen (15) days after delivery of the Escalation Notice. All negotiations conducted by the Officers are confidential and shall be treated as compromise and settlement negotiations for purposes of the Federal Rules of Evidence and any state rules of evidence. The Officers shall conduct such additional meetings as they deem necessary to exchange relevant information, will appoint staff to engage in resolution of any disputed facts, and will attempt to resolve the dispute. Should the Officers be unable to resolve the dispute within such fifteen (15) days, or within such additional time as the parties may otherwise agree to in writing, either party may demand mediation, whereupon the parties shall, in good faith, mediate the dispute no later than thirty (30) days after such demand through the services of a mutually selected mediator, the cost of whom shall be borne equally by the parties, at a date and location selected by the mediator after consultation with the parties. If the dispute is not resolved after applying the escalation procedures set forth above, the parties agree to waive any right to trial by jury in any judicial proceeding arising under or related to the subject matter of this Agreement, and agree to submit all controversies, claims and matters of difference to arbitration according to the commercial rules and practices of the American Arbitration Association ("AAA"). Arbitration hereunder shall occur within sixty (60) days of the date of submission before a single neutral arbitrator having significant experience in the subject matter of this Agreement and who will be selected in accordance with AAA rules. Arbitration proceedings shall take place in Wake County, North Carolina. Discovery shall be permitted, including the use of interrogatories, requests for admission and production of documents and depositions. If the amount claimed to be in dispute is less than \$500,000 all applicable expedited procedures of the AAA shall apply. The arbitrator's fees and costs of the arbitration shall be borne by the party against whom the award is rendered, except that if the arbitrator issues a split decision, granting partial relief to both parties, the arbitrator shall equitably allocate the arbitrator's fees and other costs. Each party shall pay its attorney's fees related to any dispute related to this Agreement. The arbitration award shall be final and binding on both parties of this Agreement, shall not be subject to any appeal and shall be enforceable in any court of competent jurisdiction.

(b) This Agreement shall be governed by, construed under and enforced in accordance with the laws of the State of North Carolina without reference to its choice of law principles.
